Dear Harold,

Sorry to trouble you w/ my hand-writing but I have been sick in bed for a week and am still getting over it. It was a virus or the flu.

Mary has my Penalty file so I'll ask her to send it to Paul. What 2 pages [your letter to Paul of 1/3] do you need from me. Parrot Jungle thing has always interested me, mainly because it sounded different from the other LHO "sightings" in Florida

Your 1/4/70 on Pedro Charles letter - I have always assumed that this was a bad frame up.

I'm confused by your letter of 1/4 to POC - is it the original copy you want sent to Paul? I do have a xerox or something similar to a xerox which you sent me some time ago.

I'll have Mary send you the Crafard file as soon as possible. She is probably trying to get everything done. The Griffin memo, which I already have, will be more meaningful. or, should I have her send it to Paul so he can send you xeroxes. Perhaps that would be best.

Most recent Thunderbolts & Councillors contain no accounts similar to murder described in your letter of 1/5.

Agreed on CD131:2 This is what Hal & I found 2 summers ago & never got from the archives, & what I kept insisting was missing from the order although I didn't know it's number since Hal ordered it there

Sounds like you & Roffman have really got Specter worried. Good work.

Your weather is like ours except our temps are 20 below zero. This has not been the worst time to be home sick

Have nothing on the Thornton you want info on.

Agreed on Ray's appearance. It shook the hell out of me. By the way, do you have Dawnay's Penthouse article? If not I'll send a xerox. It's on King.

Glad the Holiday package brought some cheer into your home. You & Lil Jake both special people to me - it's too bad I'm not in a position to help financially more.

Well, I'd better get some more sleep & get rid of this virus. I hope to be back at work on Monday.

Best Wishes,

Gary
